

Palomar District was unable to have their annual Art Festival this year, but would like to have a display of the beautiful, creative work of our members!

Please send in the "Display Registration Form" so that your work may be properly displayed at the Palomar District Convention on April 26, 2022.

"If you made it, we want to see it!"

For simplicity, we'll use the old categories:

Fine art: Paintings in any medium, sculpture -- anything enjoyed for its aesthetic values.

Photography

Crafts: Anything else, practical or not! It can be woven or stitched, carved; jewelry, blown glass, painted bottles, "trash to treasure", pottery, baskets. If you invented a genre, bring it! We want a wide range of art -- and it's art if you made it!

So what's different?

- 1. No time limit** -- Whether you made it last year or when you were in middle school, if you love it, bring it! If you have an easel or a way to display it at its best, bring that, too.
- 2. Do you create in more than one medium?** Want to show off both your earrings and knitted scarf? Bring them! (Fill out an art display registration form (attached) for each so we'll save space for both.)
- 3. No judging, no competition!** You'll trade the usual ribbon for admiration from convention-goers and maybe win one of three See's gift cards. All entrants will be entered in the drawing.
- 4. No waiver or signed release needed** -- you'll take your art home after we adjourn.
- 5. Fill out and email a registration form for each item to Rosalia Zamora by April 15, not April 1.** We want to ensure the space needed to display your treasure properly.
- 6. Last and definitely not least,** bring your art to Salon 1, California Center for the Arts, Escondido between 9:15A-10:15A on Tuesday, April 26, and prepare for a fun day!
